

To whom it may concern,

I have just recieved word that you may be implementing a plan to give Low power FM stations priority over the radio, which might mean sever Air 1 stations being kicked off the air. I beg, please do not take away Air 1.

Air 1 has given many people on their last string a reason to live. Air 1 has reminded many that there is more to life than this life on earth. Air 1 has saved many people, made many days better, and will continue to do so as long as they are on the air.

It's radio stations like Air 1 that will gradually make this a better place. we fund Air 1 with listener donations, and have kept it alive for many years not to have it turned off now.

I really pray that you guys will find a way to fulfil your need for the LPFM plan of yours, but also keep Air 1 and other radio stations on the air.

Thanks,  
Nathan Piatt
